

Are you ready for a best friend?

Many of you may have noticed that at this year's BSS Auction, we will be auctioning a beautiful yellow Labrador Retriever puppy!

Known for being even-tempered, intelligent, trusting, and gentle, labs are good with children and wonderful family dogs.

This adorable little girl will be 9 weeks old at the auction and we are looking for a good home for her. Her parents are American Kennel Club registered and she has been raised with care by a local breeder and is up-to-date on vaccines and health exams.

Since this is new to our auction and such a special opportunity for one lucky family we wanted to share some further information with the community.

- The puppy will be living temporarily at the home of a responsible BSS family who will take exceptional care of her and maintain her veterinary care and vaccines.
- The puppy will be available for a brief session of viewing/petting at drop-off and pick-up a few days before the auction, so both parents and children can meet her and begin discussing if she would make a good addition to your family!
- The auction committee has researched the best and safest way to auction a live puppy and has put a lot of thought and care into this. Procedures are in place to ensure that this puppy will be adopted by a safe, healthy and loving family! *Blessed Sacrament School reserves the right to refuse a winning bid to ensure the welfare of this animal.*

We are excited about this amazing opportunity and we can't wait for you to meet this precious puppy. She will be a best friend for life! Please begin thinking and discussing if this puppy would fit into your home and family life. If your family would like to meet this puppy before the auction, please let us know and we will arrange a personal visit. Thank you!
