

Math + Games = Fun

We are excited to continue to offer math clubs this winter at Blessed Sacrament. 6 week Sessions run from 3:15-4:15 and are led by BSS teachers.

Mini Coders (Grades K-3)– Tuesdays (Jan 29th – March 5th)

Start building an early foundation! The Mini Coders Club provides young students with the basics of computational thinking skills through a fun blend of hands-on activities. Join us as we explore coding with a mix of activities from coding puzzles and board games to easy-to-use, drag-and-drop programming tools.

Math Games Club (2 sessions – K-2 and 3-5)

Thursdays (Jan 31st – March 7th)

Do you love solving puzzles? Do you enjoy putting things together, taking them apart and figuring out how the pieces go together? This is the club for you. We will introduce new card, dice, strategy/logic games each week such as Cat Crimes, Clumsy Thief, Q-Bitz, etc. Join us as we work together to solve challenges using our strategic math skills.
