

HACK BI

MIDDLE
SCHOOL

What is Hack BI?

HackBI is a student-run hackathon at Bishop Ireton High School. During one of two available days, teams and individuals will attend workshops and create their own programming projects across a variety of categories. No programming experience is required!

That's cool. When is it?

HackBI be on January 23 and 24. We'll have a virtual option as well for anyone who wants it! For more safety information, check out our website and social media.

Alright, where can I learn more?

Follow us on social media @hackbiofficial for updates and everything HackBI related.
